47 Countries Drink It

NO wonder Orange-CRUSH is the world's most popular drink. To healthful carbonated water is added the juice of the lucious oranges—the delicate flavor of their peel—the zestful tang of the fruit acid found in oranges, lemons and limes—a pure food color, such as you use in your cakes and candies—pure cane sugar. You get all the flavor as well as the aroma of the actual fruit.

When driving or walking—anywhere you go—look for the Orange-CRUSH signs. The dealer who displays them sells a Quality beverage. Step inside—call for Orange-CRUSH—look for the name Orange-CRUSH blown right into the Krinkly Bottle—then drink its cool deliciousness.

Orange-CRUSH is good for your children because it has real tood value. A 6-oz. Krinkly Bottle of Orange-CRUSH has food value, measured in calories, equal to 11/2 times that found in a medium-sized, fresh, ripe orange.

Either at meals—as a refreshing treat when thirsty—when guests drop in for a visit—serve Orange-CRUSH. Order a case today from your nearest dealer.
